Attn: Rob Harris

Dear Rob,

What a great find you were! We recently bought a town home for our son in Fort Collins and it needed "some work". Our realtor recommended another remodeling company whose bid came in on what I termed "the gag factor". I went back to my realtor and he too was so surprised at the outrageous bid. He then gave me your name and number and to my relief you were everything I was looking for .....and more!

Your work ethics, professionalism and abilities are outstanding. You were honest as to what you could and could not do and made recommendations that were reasonable and appropriate. My son's town home looks awesome thanks to you. It turned out better than what we had hoped and within our budget.

I have called my realtor and expressed to him what an outstanding job you did for me and encouraged him to recommend you every chance he gets. As a last note, I want to thank you for how well you communicated to me and put everything in writing. There was never any doubt as to what was agreed upon and we talked every step of the way. I can't thank you enough for making me so comfortable during this process.

Sincerely,

Christine Tedesco
